YATAKLAR - BEDS

DIAMOND BED

Thanks to its specially designed five different sponge layers and excellent product ergonomics, the Lola mattress provides optimum lumbar and mature MGA support, and offers ideal sleeping comfort for those who prefer to sleep on a hard and flat floor. Thanks to the air permeability of the knitted fabric used at the upper level of the mattress for a more comfortable sleep. Prevents sleep episodes from sweating

LUXIA BED

By offering quality and comfort together, with the bag oil system consisting of springs that react independently of each other and the privileges offered to the optimum level of comfort, Luxia mattress provides ergonomic support to your sleep by adapting to different sleep options, which will be the best friend of the shoulders, hips and parts of the parts, while its fabric allows air transfer. Thanks to the feature of the sponge used, body cavities are filled.

HYPNOS BED

Hypnos mattress, the bag technology developed for your sleep health, reflects comfort and happiness in your sleep, provides optimum support to our body with four different sponge layers and maintains its form for many years

NOVA BED

Nova mattress, which has all the features required for a unique sleep in its design, provides a unique adaptation to all pressure points of the body such as head, shoulder, back, waist, hip, knee and foot, thanks to the hyper sponge Pet layer and the bag oil system used in it, and with this feature, it provides the best natural position of the spine during the day supports.

INFINITY BED

Infinity mattress, which has all the features required for a unique sleep in its design, provides a unique adaptation to all pressure points of the body such as head, shoulder, back, waist, hip, knee and foot, thanks to the hyper sponge Pet layer and the bag oil system used in it, and with this feature, it provides the best natural position of the spine during the day supports.

SOLE BED

Selin mattress, which has all the features required for a unique sleep in its design, provides a unique adaptation to all pressure points of the body such as head, shoulder, back, waist, hip, knee and foot, thanks to the hyper sponge Pet layer and the bag oil system used in it, and with this feature, it provides the best natural position of the spine during the day supports

UMAY BED

Umay mattress, which has all the features required for a unique sleep in its design, provides a unique adaptation to all pressure points of the body such as head, shoulder, back, waist, hip, knee and foot, thanks to the hyper sponge Pet layer and the bag oil system used in it, and with this feature, it provides the best natural position of the spine during the day supports.
